ECOSEXUAL BLUE WEDDING TO THE SEA

No. 5

Communication, Throat, Sexecology

Venice, Italy
August 28, 2009

We, Elizabeth Stephens & Annie Sprinkle,
have dedicated ourselves to doing art projects that
explore, generate and celebrate love.

Each year we do one or more experimental weddings.
We ask for no material gifts.

However we invite people to collaborate on the creation of the weddings.

Inspired by Linda Montano's *14 Years of Living Art*,
each year is devoted to a different theme and color.

This is the fifth year of our project and our seventh wedding.

Today we will marry our lover the SEA
because the sea needs our love, and we need HER.

Thanks to all the wonderful people who have helped create this event.
We are very grateful to them, and to YOU for being here.
